# THERMAL & ACOUSTICAL SOLUTIONS EQUIPMENT & MECHANICAL ROOMS

NEW BEDFORD WASTE WATER TREATMENT PLANT - NEW BEDFORD, MA, USA | K-13 White | 30,000 sf - 3" Thick

UNIVERSITY OF WISCONSIN - MILWAUKEE, WI, USA | K-13 White

SOUTH CHINA BANK - BEIJING, CHINA | K-13 White

Equipment and Mechanical Rooms create a unique design challenge. The space is integral to the function of the building but requires proper acoustic and thermal consideration. The equipment present in these projects is often noisy and can interfere with the utilization of the rest of the building if not adequately addressed. Additionally, thermal consideration is essential in industrial applications.

## CLASS A, CLASS 1

International Cellulose Corporation manufactures Class A, Class 1 Fire-Rated thermal and acoustical treatments in varying finishes to combat noise and thermal issues present in Mechanical & Equipment Rooms. With the proper air exchanges in place, these finishes can also aid in condensation control.

## TAILORED OPTIONS

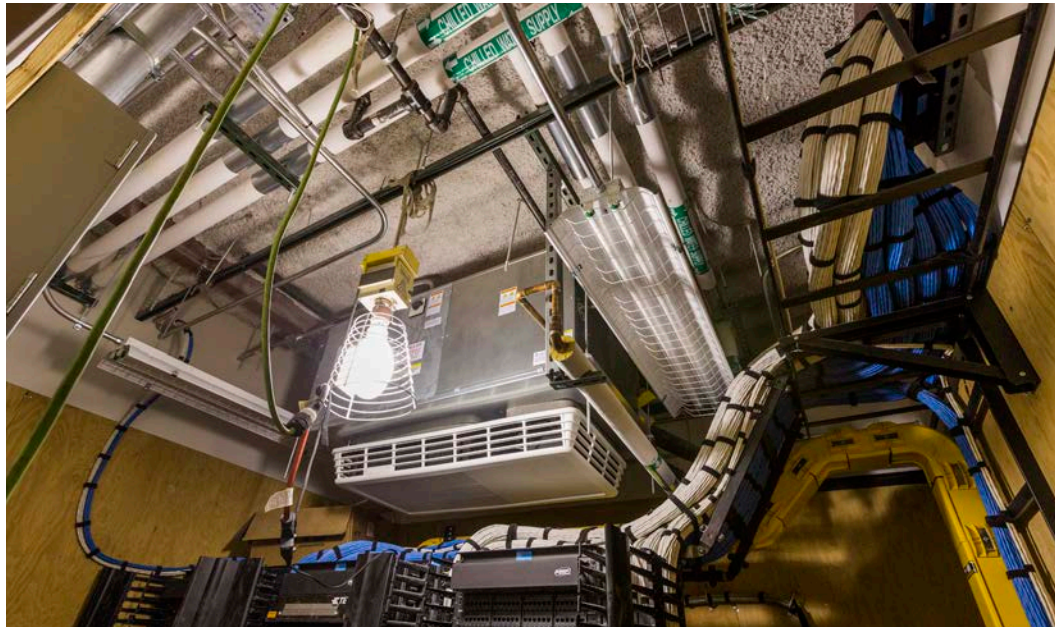

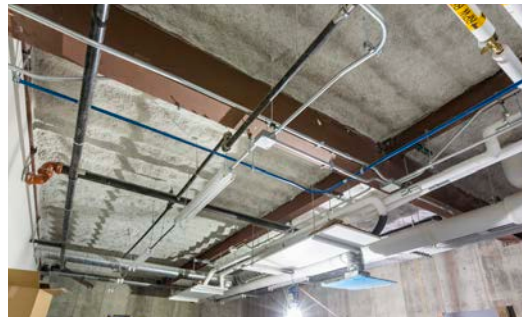

Our cellulose-based exposed finishes are spray-applied and conform to virtually any properly prepared substrate. They are the perfect solution for metal decking, concrete, and complex configurations. Though the standard colors are often the best option for industrial applications such as these, all of our acoustical and thermal finishes are available in custom colors.

## SUSTAINABLE

Additionally, our products are sustainable. We manufacture our finishes from 80% recycled material and may contribute to satisfying credits under the LEED® green building program. Our products are UL GREENGUARD Gold certified.

## EXPERIENCE

With over 60 years in the industry, the Equipment and Mechanical Room projects highlighted in this brochure are just a small example of the many types of projects that have benefited from the acoustical and thermal finishes offered by International Cellulose. No matter what your design requirements and budget constraints are, for new construction or renovation, our products can be customized to help you create the ideal space.

U.S. AIRFORCE ACADEMY CENTER FOR CHARACTER & LEADERSHIP DEVELOPMENT - COLORADO SPRINGS, CO, USA | K-13 Light Gray

KEELUNG RAILWAY STATION - ENGINE ROOM - KEELUNG CITY, TAIWAN | K-13 White

TEATRO ABERTO - EQUIPMENT ROOM & STAGE - LISBON, PORTUGAL | K-13 Beige
