

Project Details

Name: Camden Apartments
Location: Houston, Texas

Product Details

Product: K-13
Color: Gray

Camden Apartments IS an upscale residential property located in the heart of Houston, Texas. Steps away from shopping and restaurants, the multi-family building features generous community amenities situated on top of the expansive parking garage.

To ensure maximum efficiency and comfort, thermal insulation was key to the design of the parking structure. To address the need for thermal control between the conditioned space above the parking garage, K-13 in Gray was spray-applied to the ceiling. The application of K-13 provides exceptional thermal R-value and helps to control excessive noise from seeping into the occupied spaces above. K-13 serves as an exposed interior finish that provides a monolithic coating. K-13 is a durable, Class 1, Class A fire-rated finish that is UL approved for use over fireproofing making it ideal for projects of this type.

ACOUSTIC & THERMAL SOLUTIONS

FOR SIMILAR K-13 PROJECTS

BIG TEX STORAGE

HOUSTON, TEXAS

K-13 Gray was chosen for the parking area at Big Tex Storage in Houston, Texas. The application called for a product that could withstand Houston's humid air conditions, while preventing excessive thermal exchange between the conditioned storage areas above and the parking area below. K-13 utilizes a patented adhesive system that provides a strong, durable bond to virtually any substrate including concrete, metal, wood, glass, Styrofoam and urethane. K-13 is available in seven standard colors and integral custom colors.

Acoustic Performance

K-13 is applied in thicknesses from 1" up to 5" to provide the desired level of acoustical absorption. At 1", K-13 provides a NRC of .80.

Thermal Value

K-13 has a R-Value of 3.7 per inch. This demonstrates how K-13 helps keep a space at the right temperature, saving on costs and the environment.

Application

K-13 is spray-applied, between 1" and 5". It is engineered for application to common substrates and can adhere to complex or irregular surfaces.

Colorful Options

K-13 is available in standard colors, and can be manufactured in custom, integral colors for unlimited design options.
