

Project Details

Name: Specs · Wine & Spirits
Location: Houston, Texas

Product Details

Product: K-13
Color: Black

Family owned and operated since 1962, Spec's Liquor store is a destination shopping experience that features an array of fine wines, spirits, beers, liquors, and cigars. To ensure a comfortable environment for guests, while maintaining an open-concept, industrial aesthetic, K-13 Black was utilized for the ceiling of their new location in Houston. Spray-applied the ribbed metal decking, K-13 serves as an exposed interior finish. Unlike concrete, glass, metal and other hard surfaces that reflect sound, K-13 absorbs echo, reverberation, and excessive noise, which would have been prevalent in a large open area of this type. In addition to this location, K-13 has been used for many Spec's stores across Texas.

K-13 is a high-performance, thermal and acoustical finish system. It is available in seven standard colors and in custom integral colors. No matter your design requirements or budget constraints, K-13 can be customized to meet your project needs. Parking garages, warehouses, restaurants, gymnasiums, sports facilities, and schools are just a few of the many projects that benefit from K-13. Whether for new construction or renovation, International Cellulose has an acoustical and thermal solution to help you create the ideal space.

ACOUSTIC SOLUTIONS

FOR SIMILAR K-13 PROJECTS

Natural Curiosity Museum

Brockholes Wetlands Centre
United Kingdom

GameWorks
Columbus, Ohio

Acoustic Performance

K-13 is applied in thicknesses from 1" up to 5" to provide the desired level of acoustical absorption. At 1", K-13 provides a NRC of .80.

Thermal Value

K-13 has a R-Value of 3.75 per inch. This demonstrates how K-13 helps keep a space at the right temperature, saving on costs and the environment.

Application

K-13 is spray-applied, between 1" and 5". It is engineered for application to common substrates and can adhere to complex or irregular surfaces.

Colorful Options

K-13 is available in standard colors, and can be manufactured in custom, integral colors for unlimited design options.

TEXAS STAR GRILL SHOP

HOUSTON, TEXAS

Texas Star Grill Shop is Houston's Grill Headquarters featuring a large variety of Charcoal Grills, Ceramic Grills, Wood Pellet Grills, Gas Grills, and Outdoor Kitchen Components. You can find all your grilling needs there. Designers wanted an open ceiling effect high enough to hang banners and signs. They wanted a nice quiet environment for the customers to relax and enjoy their shopping. For these reason, K-13 spray-on acoustical insulation was selected. K-13 black applied to the ceiling area offered the acoustics needed for this large open area.
