

Project Details

Name: Local Foods
Location: Houston, TX

Product Details

Product: K-13
Color: Light Gray

Local Foods offers a gourmet selection of sandwiches, salads and prepared meals with local ingredients. The interior reflects a organic-modern type of atmosphere with a lot of earth tones. To compliment this style and to help with sound control K-13 Light Gray was spray-applied to the metal deck ceiling. K-13 improves the ambient sound by absorbing echo, reverberation, and unwanted noise produced by numerous hard surfaces throughout the restaurant.

K-13 provides exceptional acoustic and thermal insulation and is a superior choice for your new construction or renovation project. It is available in standard and custom colors and can adhere to virtually any substrate configuration. K-13 is manufactured by International Cellulose Corporation, the industry's leading developer and manufacturer of spray-applied cellulose thermal and acoustical finishes.

ACOUSTIC SOLUTIONS FOR SIMILAR K-13 PROJECTS

Acoustic Performance

K-13 is applied in thicknesses from 1" up to 5" to provide the desired level of acoustical absorption. At 1", K-13 provides a NRC of .80.

Light Reflectance

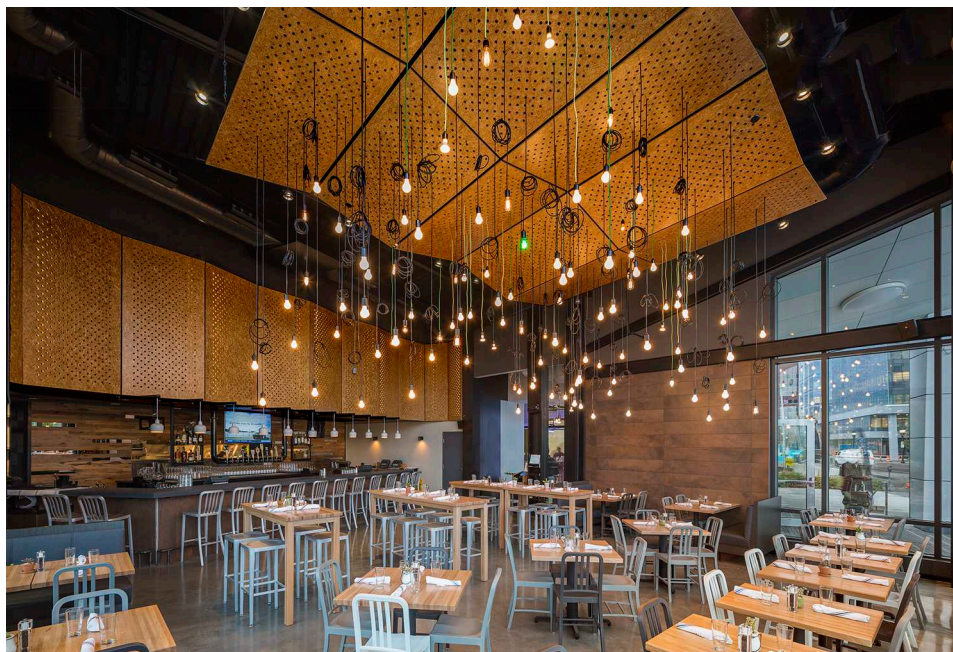

K-13 White provides high light reflectivity, and can be used to maximize day lighting and reduce the need for excessive lighting.

Application

K-13 is spray-applied, between 1" and 5". It is engineered for application to common substrates and can adhere to complex or irregular surfaces.

Colorful Options

K-13 is available in standard colors, and can be manufactured in custom, integral colors for unlimited design options.

GATHER

BOSTON, MA

Gather was designed by Hacin + Associates who also designed District Hall. Concrete flooring, wood tabletops, a soaring ceiling, and numerous other hard surfaces required special attention to acoustics. To meet this challenge, a 1.5" application of K-13 Black was applied to the open truss ceiling. K-13 absorbs unwanted echo and reverberation while enhancing ambient sound. In addition to acoustic performance, K-13 Black provides a dramatic backdrop to the eye-catching, suspended panel system, and endless strands of opulent pendant lights.
