

Project Details

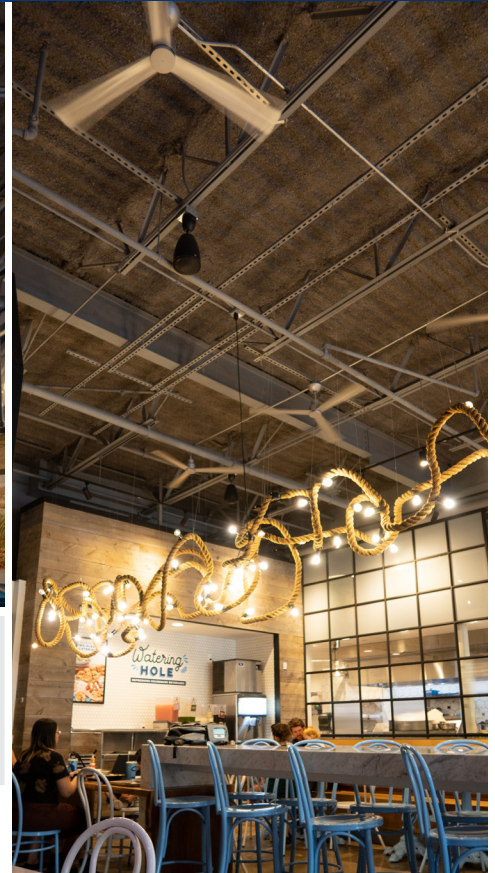

Name: Mendocino Farms
Location: Houston, Texas

Product Details

Product: K-13 Gray
Details: 1,560 Sq Ft at 3" thick

Mendocino Farms is a casual eatery that offers fresh and flavorful sandwiches, salads, and soups. Located in Houston's upscale Rice Village neighborhood, it is a popular spot for lunch and dinner, with a friendly staff and a cozy atmosphere.

To address the need for acoustics while maintaining ceiling height K-13 in Gray was utilized for the exposed ceiling throughout the dining areas. The application of K-13 Gray provides a dynamic backdrop for the suspended "laso" lighting fixture and compliments the distinct decor while reducing excessive/unwanted noise. K-13 absorbs excess sound, making conversations and music more clear and enjoyable

HAZEL'S

BIRMINGHAM, MICHIGAN

Hazel's is a seasonal seafood restaurant in Birmingham, MI, that serves regional dishes with fresh ingredients and local flavors. The restaurant has an industrial-chic style, with bright colors, coastal motifs, and distinctive pendant lights. The restaurant wanted to reduce the noise level and enhance the sound quality without losing the industrial look or the ceiling height. The solution was to use K-13 in black, a spray-applied acoustical finish, on the exposed ceilings of the dining areas. K-13 absorbs excess sound, making conversations and music more clear and enjoyable, while also adding a striking contrast to the lighting and decorations.

Acoustic Performance

K-13 is applied in thicknesses from 1" up to 5" to provide the desired level of acoustical absorption. At 1", K-13 provides a NRC of .80.

Thermal Value

K-13 has a R-Value of 3.7 per inch. This demonstrates how K-13 helps keep a space at the right temperature, saving on costs and the environment.

Application

K-13 is spray-applied, between 1" and 5". It is engineered for application to common substrates and can adhere to complex or irregular surfaces.

Colorful Options

K-13 is available in standard colors, and can be manufactured in custom, integral colors for unlimited design options.
